

Product Safety Information

Dust Cover for Synthesizer Faders

Important Safety Information

This dust cover is designed to protect synthesizer faders from dust, debris, and light wear. **Please read and follow these safety instructions before installation and use.**

General Warnings

1. Choking Hazard:

- Contains small parts that may pose a choking risk. Keep away from children under 3 years old.

2. Installation Precautions:

- Ensure the synthesizer is powered off and disconnected from any power source before installing the dust cover.
- Take care not to apply excessive pressure on the faders or controls during installation to avoid damage.

3. Compatibility:

- This product is designed for use with compatible synthesizers only. Refer to the compatibility guide provided by the manufacturer to confirm suitability for your device.

4. Ventilation and Heat:

- Do not obstruct air vents or cooling systems on the synthesizer when installing the dust cover. Improper placement may lead to overheating or equipment malfunction.

5. Material Safety:

- The dust cover is made from [insert material, e.g., flexible plastic, silicone]. Avoid exposing it to high temperatures or open flames as it may deform or release harmful fumes.

6. Removal and Handling:

- Remove the dust cover carefully to avoid bending or displacing faders or other controls.

Installation Instructions

See manufacturer instructions.

Cleaning and Maintenance

- Clean the dust cover using a soft, damp cloth. Avoid using harsh chemicals or abrasive materials that could damage the cover or the synthesizer.

Environmental Safety

- Dispose of the dust cover in accordance with local regulations at the end of its life. Avoid burning or improper disposal to minimize environmental impact.

Liability Disclaimer

- The manufacturer is not liable for damage to the synthesizer or its components resulting from improper installation, use, or modification of the dust cover.
